Question 1.06

TOTAL POINTS 1

1. Examine this Equality of Variances table. If your alpha is 0.05, do you have sufficient evidence to reject the assumption of equal variances?

1 / 1 point

Method	NumDF	Den DF	F Value	Pr>F
Folded F	39	39	1.45	0.2460

☐ yes

☒ no

✓ Correct

The p -value of 0.2460 is greater than your alpha, so you would fail to reject the null hypothesis and proceed as if the variances are equal.
